Web Designer

Kolkata, West Bengal 700152 | bidishahalder678@gmail.com | +91 6291199603

SUMMARY

Web Designer with hands-on experience in HTML, CSS, and Bootstrap, focused on building responsive, user-friendly interfaces. Detail-oriented and analytical, with strong UI/UX instincts and a collaborative, solution-driven approach to project work.

SKILLS

Technical Skills: HTML5, CSS3, Bootstrap 5, JavaScript

Design Tools: Figma, Canva

Languages: Bengali, English, Hindi

AREAS OF EXPERTISE

Web Design

- Building responsive interfaces with HTML, CSS, and Bootstrap.
- Clean, semantic webpage structure and layout.
- CSS layout techniques, including Flexbox and Grid.
- Mobile-friendly design using Bootstrap.
- Applying core UI/UX principles to improve usability.
- Wireframing and prototyping in Figma and Canva.

EMPLOYMENT HISTORY

Junior Designer — Convergent Infoware Pvt Ltd, Kolkata

May 2026 — Jul 2026

- Built and styled multiple client websites end-to-end using HTML, CSS, Bootstrap, and JavaScript plugins.
- Developed responsive, cross-browser layouts across real estate, healthcare, e-commerce, and admin-panel projects.
- Implemented admin/CRUD interfaces (add, edit, delete, view) for record-management dashboards.
- Coordinated with backend and QA teams to deliver each project on schedule.

Key Projects:

- **RiVirtual (Real Estate)** — <https://rivirtual.com/>
- **ByHomeOwner (Real Estate)** — <https://home-owner.zenith-tech.co.in/byHomeOwner/>
- **Transition Care Hospitals (Medical)** — <https://transitioncarehospitals.com/>
- **JD Industries (E-commerce, baby clothing)** — <https://jdindustrieskolkata.com/admin/login>
- **College Auditors (College record management)** — https://dideaservices.com/college_auditor/admin/login

Designer — Inaavi Consultancy Private Limited, Kolkata

Aug 2025 — Dec 2025

Insurance Awareness Campaign Management (Go Digit)

- Updated the Manage Campaign application to the latest Bootstrap framework for better UI consistency.
- Redesigned dashboard sections in Figma, improving user flow and accessibility.
- Built front-end components with HTML, CSS, Bootstrap, and basic JavaScript.
- Collaborated with developers, QA, and product managers to hit project milestones.
- Joined design reviews and refined work to match client and brand guidelines.

Web Designer — Blue Tick IT Solutions, Kolkata

Mar 2024 — Feb 2025

- Designed responsive web interfaces using HTML, CSS, and Bootstrap.
- Built clean, visually appealing layouts following UI/UX best practices.
- Optimized sites for performance and cross-browser compatibility.
- Worked with developers and designers to add interactive elements.
- Maintained accessibility and modern web standards.

Assistant Project Scrum Master — Blue Tick IT Solutions, Kolkata
Esyasoft RMS (Revenue Management System)

Feb 2024 — Mar 2024

- Helped plan and execute tasks to keep the project on schedule.
- Worked with product owners and scrum masters to define solutions.
- Tracked progress and flagged risks to avoid delays.
- Applied Agile practices to boost team velocity and satisfaction.
